

The Village of Riverside Glen

General Manager

Bryce McBain

It is sincerely a pleasure to serve all of you,

In the meantime, our leadership team take great pride in remaining focused on looking for more ways to improve the quality of life of our residents at The Village of Riverside Glen.

I am always happy to listen to any concerns that you may have and will be glad to act as a liaison between you and our Support Office and owners as we include more people that reside in our village in discussions about these evolving projects. We look forward to working with you through our growth initiatives.

We understand that while some of you will share our excitement about City Council's approval, not everyone will appreciate our plans at this time. That being said, we believe that a majority of objections are operational in nature and can be resolved through strong collaboration and when we address our site plans.

We presented our application to our City Council on Monday evening. The decision was made to support our proposal.
